

Green Goose Chase

Sustainability Institute

Missions launch daily! April 17-26, 2026

Dear Community & Sustainability Supporter -

We are writing to invite you to consider becoming a **Prize Donor** or **EggCeptional Sponsor** for our upcoming Green Goose Chase, taking place April 17-26, 2026.

Now in its sixth year, the Green Goose Chase continues to grow as a joyful, community-wide celebration of sustainability, creativity, and connection. Each year, we welcome around 100 teams and, together, participants have submitted more than 5,700 mission responses—a powerful reflection of people showing up for their community in fun and meaningful ways. The Green Goose Chase builds brighter, thriving communities by fostering collaboration and community connection through interactive team missions and shared experiences. It also offers businesses and organizations a chance to engage new audiences while connecting around a shared commitment to a sustainable future.

Through missions tied to the Good Life Goals, participants explore nature, discover ways to enrich their personal well-being, and turn inspiration into real action for a more resilient community—all while having a lot of fun. **Simply put, the Green Goose Chase is where sustainability, education, creativity, connection, inspiration, and playfulness meet... and how cool is that?**

This completely free community wide event launches missions daily starting with a kickoff event on April 17 and concludes with celebration activities during Earth Fair in Myrick Park on April 26. You can learn more at www.sustaininstitute.com/greengoosechase.

As a lean, local 501(c)(3) nonprofit, the Sustainability Institute relies on the generosity of members, sponsors, and donors to catalyze sustainable action through education, advocacy, connection, and inspiration.

If you have any questions about donating or participating, we would love to connect.

Thank you for your consideration and for helping build a more sustainable, connected community.
